Dear Prof Veessler,

I will contact the custom about the application of bio-material export permit. But I am not sure whether it will be successful, as any international bio-material from China is now becoming pretty difficult.

I will let you know later when I get feedback.

Sincerely

Ben

Dear David,

Thank you for your interest. We are happy to share the cell lines but we need to go through the permission procedure which is longer than before under the current situation. I'm CC this email to my colleagues Wei ZHANG and Dr. Ben HU who will be in charge the issue.

Best regards,

Zhengli,

主题: Rhinolophus cell lines

Dear Zheng Li,

Hope all is well.

I am writing to inquire if it would be possible to please share the following 2 cell lines that I have found in a few of your previous papers?

Rhinolophus. affinis lung  
Rhinolophus. sinicus heart

I would be very grateful.

Thanks in advance

Best regards

David
